How a Bill Becomes a Law

A bill may be introduced in either the Senate or House of Representatives.

VIDEO

A committee studies the bill
and often holds public
hearings on it.

A committee report is read in open session of the House or Senate, and the bill is then referred to the Rules Committee.

The Rules Committee can either place the bill on the second reading of the calendar for debate before the entire body, or take no action.

At the second reading a bill is subject to debate and amendment before being placed on the third reading calendar for final passage.

After passing one house, the bill goes through the same procedure in the other house.

If amendments are made
in one house, the other
house must concur.

When the bill is accepted in both houses, it is signed by the respective leaders and sent to the Governor.

How a Bill Is Passed in the Georgia Legislature

Legislator sees need for a new law or changes in existing law and decides to introduce a bill.

1

Legislator goes to Office of Legislative Counsel. There, attorney advises legislator on legal issues and drafts bill.

2

Legislator files bill with the Clerk of the House or Secretary of the Senate.

3

On legislative day after filing, bill is formally introduced. In chamber, bill's title is read during period of first readings.

4

Immediately after first reading, presiding officer assigns bill to a standing committee.

5

In the House only, on next legislative day, Clerk reads bill's title (second reading) in chamber, although actual bill is now in committee. In Senate, second reading comes after bill is reported favorably from committee.

Once presiding officer calls bill up from Rules Calendar, Clerk or Secretary reads bill's title (third reading). Bill is now ready for floor debate, amendments, and voting.

11

For the last 30 days of session, presiding officer calls up bills from the Rules Calendar for floor consideration.

10

Starting with 10th day of session, the Rules Committee meets and from bills on General Calendar prepares a Rules Calendar for the next day's floor consideration.

9

Clerk or Secretary prepares a General Calendar of bills favorably reported from committee. For first 10 days of session, presiding officer calls up bills from this calendar for floor action.

8

Bill is reported favorably by committee and returned to Clerk or Secretary.

7

Bill considered by committee. Author and other legislators may testify. If controversial, public hearings may be held.

6

12

After debate, main question is called and members vote. If bill is approved by majority of total membership of that house, it is sent to the other house.

13

If second house passes bill, it is returned to house where bill was introduced. If changes are accepted,...

If first house rejects changes and second house insists, a conference committee may be appointed. If committee report is accepted by both houses,...

14

Bill is enrolled and sent to the Governor (if requested). Otherwise, all enrolled bills sent to Governor following adjournment *sine die*.

15

Governor may sign bill or do nothing, and bill becomes law. Governor may veto bill, which requires two-thirds of members of each house to override.

16

Acts and other laws enacted at the session are printed in the *Georgia Laws* series. Also, act is incorporated into the Official Code of Georgia Annotated. Act becomes effective the following July 1, unless a different effective date is provided in act.
